

MOOSE COFFEE: ALLERGENS

Please consult your server in regards to any allergens or intolerances before ordering.
All dishes are subject to change due to fresh produce, so please consult your server even if you have eaten the dish previously.

In order to comply with the Food Standards Agency Food Information Regulations EU1169/2011 the following document has been created to clearly display any allergens in the Moose Coffee menu. There is a list of 14 specific food allergens including eggs, fish, peanuts and milk. For a person with a food allergy, dishes containing the food they react to can be highly dangerous. We display a notice on the menu to inform customers with food allergies/intolerances that they can ask staff for advice about what dishes contain.

Any food could cause an allergic reaction. Allergic reactions are most commonly caused by the following:

- cereals containing gluten
- peanuts (also called groundnuts)
- nuts, such as almonds, hazelnuts, walnuts, Brazil nuts, cashews, pecans, pistachios and macadamia nuts
- fish
- shellfish
- molluscs
- sesame seeds
- eggs
- milk
- soya
- celery and celeriac
- lupins
- mustard
- sulphur dioxide and sulphites at levels above 10mg/kg or 10mg/litre expressed as SO₂

We have stringent procedures in place to avoid contamination of any allergens, however our chefs work with fresh food and a variety of ingredients daily and as such we cannot guarantee any of our dishes are free of any of the above allergens. This is not a complete list of allergens, if you do suffer from an allergy please make it known to your server who will consult our chef's on the day. All dishes are prepared in an environment where allergens are present and **may contain** traces of all allergens listed below. Customers with life threatening allergies must take this significant risk into consideration.

MOST BREAKFAST dishes come with bread, buns or a bagel. When a guest suffers with a gluten allergy or intolerance we are able to remove the bread from the dish. Certain dishes described below with a * **do not** include the type of bread which accompanies the dish. Please refer to the bread column for information on these items. **POACHED EGGS** are cooked in White Wine Vinegar. White Wine Vinegar contains **SULPHUR DIOXIDE**.

PLEASE NOTE: Only white bread & sourdough is Vegan friendly. All vegan and vegetarian dishes are prepared in a kitchen that also offers non vegan/vegetarian food. We have practices and procedures that safeguard any cross contamination but we cannot guarantee this, including from our suppliers.
